

Shape your home
with enduring steel

The background image is a monochromatic green photograph of a welder in a factory. The welder is wearing a protective mask and is focused on welding a steel window frame. A robotic arm is visible in the upper right background, and sparks are being generated at the point of welding.

About us

At STARC, we create steel windows that go beyond function—they brighten spaces with natural light and stunning views. Our WellCraft windows combine durability, style, and timeless appeal, enhancing both homes and commercial properties. Crafted to the highest standards, they bring beauty and utility to any space. Experience the WellCraft difference and let us help you realize your architectural vision with our exceptional windows, guaranteed to meet your satisfaction.

Discover the power of strength in every step.
